## Independent auditors' report on review of condensed consolidated interim financial information

The Shareholders
Gulf General Investments Co. PSC

#### Introduction

We have reviewed the accompanying 30 June 2014 condensed consolidated interim financial information of Gulf General Investments Co. PSC ("the Company") and its subsidiaries (collectively referred to as "the Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 June 2014;
- the condensed consolidated statement of profit or loss for three month and six month period ended 30 June 2014;
- the condensed consolidated statement of other comprehensive income for three month and six month period ended 30 June 2014;
- the condensed consolidated statement of cash flows for the six month period ended 30 June 2014;
- the condensed consolidated statement of changes in equity for the six month period ended 30 June 2014;
   and
- notes to the condensed consolidated interim financial information.

Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

## Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2014 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

#### Other matters

The condensed consolidated interim financial information for the six month period ended 30 June 2013 and the consolidated financial statements for the year ended 31 December 2013 were reviewed and audited respectively by another auditor who expressed an unmodified review conclusion on the condensed consolidated interim financial information for the six month period ended 30 June 2013 on 14 August 2013 and an unmodified audit opinion on the consolidated financial statements for the year ended 31 December 2013 on 26 March 2014.

## 1 Reporting entity

Gulf General Investments Co. PSC ("the Company") is incorporated under Emiri Decree No. 2/73 dated 27 July 1973 as a Public Shareholding Company. The duration of the Company is ninety nine years commencing from the date of issuance of the above Emiri Decree. The registered address of the Company is P. O. Box 22588, Dubai, United Arab Emirates. The Company is listed on the Dubai Financial Market.

The condensed consolidated interim financial information as at and for the six month period ended 30 June 2014 ("the current period") comprise of the Company and its subsidiaries (collectively referred to as "the Group") and the Group's interest in associates and jointly controlled entities.

The principal activities of the Company are to act as a holding Company, real estate agents, real estate development services, and general trading.

# 2 Basis of preparation

# Statement of compliance

The condensed consolidated interim financial information have been prepared in accordance with the International Accounting Standard ("IAS") 34, 'Interim Financial Reporting' issued by the International Accounting Standards Board. The condensed consolidated interim financial information does not include all of the information required for full annual consolidated financial statements, and should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 December 2013.

#### Accounting estimates and judgements

The preparation of condensed consolidated interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed consolidated interim financial information, the significant judgements made by the management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as to those that were applied in the preparation of the consolidated financial statements of the Group as at and for the year ended 31 December 2013.

#### 3 Significant accounting policies

The accounting policies applied in the preparation of the condensed consolidated interim financial information are consistent with those applied by the Group in its consolidated financial statements as at and for the year ended 31 December 2013 except for early adoption of IFRS 9: Financial Instruments. For accounting policy and impact on the Group's financial position, refer note 4.

Notes to the condensed consolidated interim financial information (continued) for the six month period ended 30 June 2014 (unaudited)

## 4 New standards, interpretations and amendments adopted by the Group

Effective 1 January 2014, following new / amended International Financial Reporting Standards (IFRS) have become effective and have been applied in preparing the condensed consolidated interim financial information:

- Improvement/amendments to IFRSs:
  - IFRS 10: Consolidated financial statements, IFRS 12: Disclosure of Interests in Other Entities and IAS 27: Separate Financial Statements
  - IAS 32: Financial Instruments: Presentation
  - IAS 36: Impairment of Assets
  - IAS 39: Financial Instruments: Recognition and Measurement

The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior periods but may affect the accounting for future transactions or arrangements.

### Early adoption of IFRS 9: Financial Instruments

During the current period, the Group resolved to early adopt IFRS 9: Financial Instruments (2010) for financial assets effective 1 January 2014. All financial assets on or after 1 January 2014 are accounted for by applying the provisions of IFRS 9. IFRS 9 requires that an entity classifies its financial assets as subsequently measured at either amortized cost or fair value depending on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Until 1 January 2014, the Group applied the provisions of IAS 39: Financial instruments Recognition and Measurement for accounting its financial assets.

#### Impact of early adoption of IFRS 9

On early adoption of IFRS 9, there has been no significant impact on the Group's financial position. As per the transitional provisions of IFRS 9, the Group has elected not to restate comparative information. Previously, the Group's investments were classified as follows:

#### Available-for-sale investments:

The fair value of investments classified as available-for-sale under IAS 39 amounted to AED 183.88 million which on adoption of IFRS 9 effective 1 January 2014 have been classified as investments measured at fair value through other comprehensive income.

Further, an amount of AED 109.17 million representing change in fair value of available for-sale investments was recognized under cumulative changes in fair value of available-for-sale investments under equity as per IAS 39 which on adoption of IFRS 9 effective 1 January 2014 has been classified as cumulative changes in fair value of investments measured at fair value through other comprehensive income (refer note 7). Also refer note 8.

#### Held-to-maturity investments:

The carrying value of investments classified as held to maturity under IAS 39 amounted to AED 6.7 million. On adoption of IFRS 9 effective 1 January 2014, the Group has reassessed the business objective and cash flow characteristics of these investments and reclassified these to investments measured at fair value through profit or loss. Also refer note 8.

Notes to the condensed consolidated interim financial information (continued) for the six month period ended 30 June 2014 (unaudited)

# 4 New standards, interpretations and amendments adopted by the Group (continued)

### Early adoption of IFRS 9: Financial Instruments (continued)

### Impact of early adoption of IFRS 9 (continued)

Held for trading investments:

The fair value of investments classified as held for trading under IAS 39 amounted to AED 386.87 million which on adoption of IFRS 9 effective 1 January 2014 have been reclassified as investments measured at fair value through profit or loss. Also refer note 8.

## Other financial assets

After the adoption of IFRS 9, all other financial assets continued to be measured at amortised cost, and there were no reclassifications to or from the amortised cost measurement category. These financial assets are also included in the same line items in the statement of financial position as at 31 December 2013.

#### Financial liabilities

After the adoption of IFRS 9, all financial liabilities continued to be measured at amortised cost, and there were no reclassifications to or from the amortised cost measurement category. These financial liabilities are also included in the same line items in the statement of financial position as at 31 December 2013.

## Change in accounting policy on adoption of IFRS 9

#### Financial instruments

Non derivative financial assets - policy applicable from 1 January 2014

The Group initially recognizes financial assets on the trade date at which the Group becomes a party to the contractual provisions of the instrument.

Financial assets are initially measured at fair value. If the financial asset is not subsequently accounted for at fair value through profit or loss, then the initial measurement includes transaction costs that are directly attributable to the asset's acquisition or origination. On initial recognition, the Group classifies its financial assets as subsequently measured at either amortised cost or fair value, depending on its business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

#### (i) Financial assets measured at amortised cost

A financial asset is subsequently measure at amortised cost, using the effective interest method and net of any impairment loss, if:

- The asset is held within a business model whose objectives is to hold assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest.

The Group's policy on impairment of financial assets measured at amortised cost is the same as that applied in its financial statements as at and for the year ended 31 December 2013 for loans and receivables.

Notes to the condensed consolidated interim financial information (continued) for the six month period ended 30 June 2014 (unaudited)

## 4 New standards, interpretations and amendments adopted by the Group (continued)

## Early adoption of IFRS 9: Financial Instruments (continued)

## Change in accounting policy on adoption of IFRS 9 (continued)

## (ii) Financial assets measured at fair value

These assets are measured at fair value and changes therein, including any interest or dividend income, are recognised in profit or loss.

However, for investments in equity instruments that are not held for trading, the Group has elected at initial recognition to present gains and losses in other comprehensive income. For such investments measured at fair value through other comprehensive income, gains and losses are never reclassified to profit or loss, and no impairment is recognised in profit or loss. Dividends earned from such investments are recognised in profit or loss, unless the dividend clearly represents a repayment of part of the cost of the investment.

## 5 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2013.

(i) During the current period, the Board of Directors of the Company has reassessed the Group's investment portfolio and is of the view that as at 30 June 2014, it has significant influence over Union Insurance PSC ("Union Insurance"). Accordingly, at 30 June 2014, the Group has reclassified its investment in Union Insurance as an equity accounted investee. Furthermore, an amount of AED 83.5 million pertaining to cumulative change in fair value of available-for-sale investments has been reclassified to accumulated losses as required by IAS 28: "Investments in Associates".

(i) During the six month period 30 June 2014, the Directors' of the Company have reviewed the carrying value of development properties and are of the opinion that there is no change in fair value of development properties as compared to the previous valuation carried out for the year ended 31 December 2013.

#### 10 Inventories

Certain inventories along with assignment of insurance policies against those inventories are hypothecated to banks against credit facilities granted to the Group.

#### 11 Trade and other receivables

Included in trade and other receivables are notes receivable which represent post-dated cheques received from the buyers of development properties. The management of the Company has performed an impairment test on the future collectability of these notes receivable and accordingly has concluded that no impairment provision is required as these cheques are expected to be realised in the normal course of business.

## (ii) Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For financial instruments that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

# 20 Contingent liabilities and commitments

#### Guarantees

The Company has issued corporate guarantees for loans and advances from commercial banks obtained by related and third parties including subsidiaries, joint ventures and associates.

## Litigations

- (a) As of the reporting date, the Company is a defendant in many legal cases for approximately AED 400 million (31 December 2013: Approximately AED 400 million) relating to land transaction, sale of properties and others.
  - The Company's Board of Directors have reviewed the position pertaining to the above many legal cases and other legal cases communicated by the external lawyers and after consultation with the external lawyers have concluded that the cases can be successfully defended in the court of law and no significant potential losses will be incurred, and accordingly no provision has been recognised in the consolidated financial statements. The Company also believes that it can claim additional compensation from some of these referred legal cases.
- (b) The Group had a receivable from an associate company and advance received against sale of certain property from an entity being an SPV of this associate company. The Group had obtained an independent legal opinion from an external lawyer which confirms the Group may have its option (at its sole decision) to commercially to set-off advance with the receivable for like for like parties. Accordingly, the Group have set off the advance received from the SPV of the associate against the receivable from the associate. The Board of Directors have reviewed the status of the legal proceedings and the above legal advice and have concluded that Group will exercise its option (at Group's sole decision) and will choose commercially to set-off the payable with the receivable as the entities involved will quality for like for like parties.

Notes to the condensed consolidated interim financial information (continued) for the six month period ended 30 June 2014 (unaudited)

# 21 Segment reporting

The Group has broadly three reportable segments as described below, which are the Group's strategic business units. The strategic business units operate in different sectors and are managed separately because they require different strategies. The following summary describes the operation in each of the Group's reportable segments:

Manufacturing	Includes manufacture and sale of oil, lubricants, grease, prefab houses, concrete, carpentry, restaurant, ovens, kitchens and central air conditioning systems.					
Investments	Includes investments in real estate properties and equity securities.					
Services and others	Service and other operations include writing of insurance and various other services including hospitality.					

Information regarding the operations of each separate segment is included below. Performance is measured based on segment profit as management believes that profit is the most relevant factor in evaluating the results of certain segments relative to other entities that operate within these industries. There are regular transactions between the segments and any such transaction is priced on mutually agreed terms.

	Manufacturing	Investments	Services and others	Total
