**Review report of the independent auditor  
To the shareholders of Gulf General Investments Co. (P.S.C)**

**Introduction**

We have reviewed the condensed consolidated statement of financial position of Gulf General Investments Co. (P.S.C) (the “Company”) and its subsidiaries (the “Group”) as at 30 September 2019, the related condensed consolidated income statement, condensed consolidated statement of other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the three months and nine months period then ended and explanatory information. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

**Scope of review**

We conducted our review in accordance with the International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

**Grant Thornton**

**Review report of the independent auditor**

**To the shareholders of Gulf General Investments Co. (P.S.C) (continued)**

**Other matter**

The consolidated financial statements for the year ended 31 December 2018 and the condensed consolidated interim financial information for the period ended 30 September 2018 were audited and reviewed by another auditor who expressed an unmodified opinion and an unqualified conclusion on those statements on 27 March 2019 and 14 November 2018 respectively.

**Emphasis of matter**

We draw attention to notes 5 and 17 of the condensed consolidated interim financial information which explains that the Group is in the process of negotiation with the lenders to restructure certain existing loan and credit facilities to meet its commitments and financial obligations as they fall due in the foreseeable future. Our review conclusion is not qualified in respect of this matter.

#### **1 Reporting entity**

Gulf General Investments Co. (P.S.C) (the “Company”) is incorporated under Emiri Decree No. 2/73 dated 27 July 1973 as a Public Shareholding Company. The duration of the Company is ninety nine years commencing from the date of issuance of the above mentioned Emiri Decree. The registered address of the Company is P. O. Box 22588, Dubai, United Arab Emirates. The Company is listed on the Dubai Financial Market.

The condensed consolidated interim financial information as at and for the nine months period ended 30 September 2019 (the “current period”) comprise the Company and its subsidiaries (collectively referred to as the “Group”) and the Group’s interest in associates.

The principal activities of the Group are to act as a real estate agent, manufacturing, retail trading and provision of real estate development, writing of insurance of all types, hospitality and other services.

Investment Group (Pvt) Limited, a company registered in UAE is a significant shareholder of the Company (the “significant shareholder”).

#### **2 Basis of preparation**

##### ***Statement of compliance***

The condensed consolidated interim financial information as at and for the nine months period ended 30 September 2019 has been prepared in accordance with the International Accounting Standard (“IAS”) 34, ‘Interim Financial Reporting’ issued by the International Accounting Standards Board. This does not include all of the information required for a complete set of International Financial Reporting Standards (“IFRS”) financial statements, and should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 December 2018.

##### ***Use of estimates and judgements***

The preparation of these condensed consolidated interim financial information is in conformity with IFRS which requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

The significant judgements made by the management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that were applied in the preparation of the consolidated financial statements of the Group as at and for the year ended 31 December 2018.

## **Notes to the condensed consolidated interim financial information (unaudited)**

### **For the nine months period ended 30 September 2019**

---

### **3 Significant accounting policies**

The accounting policies applied in this condensed consolidated interim financial information are same as those applied in the annual financial statements as at and for the year ended 31 December 2018, except for changes to the accounting for leases resulting from the adoption of International Financial Reporting Standard (IFRS) 16 *Leases*.

#### *(i) IFRS 16 Leases*

The Group has adopted IFRS 16 'Leases', issued in January 2016, with the date of initial application of 1 January 2019. IFRS 16 introduces significant changes to lessee accounting. It removes the distinction between operating and finance leases under IAS 17 and requires a lessee to recognise a right-of-use asset and a lease liability at lease commencement for all leases, except for short term leases and leases of low value assets. The Group initially measures the right-of-use asset at cost and subsequently measured at cost less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability.

The Group initially measures the lease liability at the present value of the future minimum lease payments discounted using the discount rate implicit in the lease. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others.

The Group has elected to apply the expedient allowed by IFRS 16 on its general requirements to short-term leases (i.e. one that does not include a purchase option and has a lease term at commencement date of 12 months or less) and leases of low value assets. For this the Group recognises the lease payments associated with those leases as an expense on a straight-line basis over the lease term or another systematic basis if that basis is representative of the pattern of the lessee's benefits, similar to the current accounting for operating leases.

The Group has applied IFRS 16 using the modified retrospective approach and therefore the comparative information has not been restated. The Group has assessed that the impact of IFRS 16 is not material as at the reporting date.

### **4 Financial risk factors**

The Group's activities potentially expose it to a variety of financial risks: market risk (including currency risk, equity price risk, and interest rate risk), credit risk and liquidity risk.

The condensed consolidated interim financial information does not include all financial risk management information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2018.

There has been no change in the risk management policies since the year end.

**Gulf General Investments Co. (P.S.C) and its subsidiaries**  
**Notes to the condensed consolidated interim financial information (unaudited)**  
**For the nine months period ended 30 September 2019**

**5 Funding and liquidity**

The Group has third party commitments amounting to AED 4,263 million as at 30 September 2019 (2018: AED 4,185 million) of which AED 4,232 million (2018: AED 4,151 million) is payable within one year from the reporting date.

These third-party commitments include loans and borrowings of AED 2,949 million (2018: AED 2,926 million) which is payable within one year from the reporting date.

The Board of Directors expect that the Group will meet its funding requirements through future income generated from operations, sale of investments and properties, existing cash and bank balance and restructuring of its existing loan facilities.

Furthermore, the Board of Directors and the management have undertaken a variety of initiatives and are continuing with the plans as outlined above, which they believe to be realistic and achievable to ensure the Group's ability to meet its financial commitments as they fall due. Also refer to note 17.

On 2 July 2012, the Company concluded the restructuring agreement with a group of banks covering the outstanding debt of AED 2,778 million ("Earlier Restructured Loan"). The restructured loan was repayable in annual instalments up to 31 December 2018.

During 2017, the Company initiated a negotiation with the lenders to further restructure its outstanding debt. As at 30 September 2017, the Company concluded the revised restructuring agreement after obtaining approvals from the majority of the banks covering a total debt of AED 2,147 million (including interest payable of AED 74 million up to 31 December 2016). Under the revised agreement, 66.08% of the Earlier Restructured loan is repayable in annual instalments until 31 December 2023 and the remaining 33.92% as a final settlement in a manner to be renegotiated at that time.

Of the total restructured loan, the repayment of AED 91 million (principal), due and payable as at 30 September 2019, was defaulted by the Company on 31 December 2018. The Company's Directors have reviewed the facts and circumstances of this default and have accordingly classified the entire loan amount as current liability.

### For the nine months period ended 30 September 2019

#### 17 Borrowings (continued)

The revised restructured facility carries interest at the rate of 2.75% per annum above 6-months EIBOR for term facilities denominated in AED and 6-months LIBOR for term facilities denominated in USD charged on a semi-annual basis. Further, effective from the revised restructuring agreement date, a payment-in-kind (PIK) at 0.5% will be additionally charged on a semi-annual basis on the outstanding debt and is due to be repaid on 31 December 2023. Commencing 31 December 2018, in the event of default, the interest rate will be increased by 0.25% per annum on a semi-annual basis. Any such increase in the interest rate will no longer be applicable for future periods if no event of default subsists.

There is no change in the security and covenant requirements as per the revised restructuring agreement. The Company is required to maintain a minimum Asset Cover Ratio of 1.2:1 and is also subject to the general covenants including dividend restriction in accordance with the restructuring agreement. Further, certain subsidiaries of the Company are subject to maintain certain level of financial indebtedness as guarantors of the restructured loan. These borrowings are secured against certain assets of the Group.

Some of the Group entities are also in negotiation with banks to restructure their existing borrowings facilities with a total outstanding of AED 210 million (2018: AED 210 million) (principal) and interest of AED 99 million (2018: AED 88 million) (included in trade and other payables) as at the reporting date. A part of these loans amounting to AED 81 million are under legal proceedings initiated by the lenders. The Directors of the Company are of the view that these loans are expected to be restructured in due course.

As at 30 September 2019, one of the Group entities has not complied with certain bank covenants. The carrying value of the outstanding loan is AED 161 million (principal) which is classified within current liabilities.

Furthermore, the Company is in the process of negotiation with a financial institution to restructure a credit facility amounting to AED 257 million (included in trade and other payables) and interest of AED 36 million (2018: AED 27 million)) which became due for repayment on 30 September 2016.

#### *Other borrowings*

Other borrowings mainly include borrowings by the subsidiaries of the Company. These borrowings are subject to certain financial covenants at the respective subsidiary level and are at the below terms and conditions:

- Pledge of assets;
- Promissory note in favour of the banks; and
- Hypothecation over goods financed by trust receipts.

**19 Financial instruments/fair value hierarchy (continued)**

**(ii) Fair value hierarchy**

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For financial instruments that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### For the nine months period ended 30 September 2019

#### 19 Financial instruments/fair value hierarchy (continued)

##### (ii) Fair value hierarchy (continued)

During the nine months period ended 30 September 2019, there were no transfers between Level 1 and Level 2 fair value measurements and no transfers into or out of Level 3 fair value measurements (2018: Nil).

The fair value of unquoted equity investments was determined by an external, qualified and independent valuer as at 31 December 2018 who has experience in equity investments valuations. The Company's Directors are of the opinion that there is no significant change in fair value of unquoted equity investments as compared to the previous valuation carried out as at 31 December 2018.

#### 20 Loss per share

There was no dilution effect on the basic loss per share as the Company does not have any such outstanding commitment as at the reporting date.

#### 21 Contingent liabilities and commitments

##### *Guarantees*

The Group has issued corporate guarantees for loans and advances from commercial banks obtained by related and third parties including subsidiaries and associates.

##### *Litigations*

Certain claims and contingent liabilities may arise during the normal course of business. The Board of Directors review these on a regular basis as and when such claims are received and each case is treated according to its merit. Based on the terms of the relevant contract and circumstances, the Group determines if a counter claim should be lodged. Based on the opinion of the Group's independent legal counsel and information presently available, the Board of Directors have assessed that the final outcome of outstanding legal claims (initial judgement in some cases is in favour and in some cases against the Company) cannot be reliably determined considering these cases are sub-judice. On the basis of their review of the current position of these legal claims, the Company's Directors are of the view that the existing provision as at the reporting date is adequate to cover any possible cash outflows arising from the final outcome of these claims. The Company has elected not to present the complete disclosures as required by IAS 37 "Provision and Contingent Liabilities and Contingent Assets" as management is of the view that since the legal claims are sub-judice and are disputed, therefore this information may be prejudicial to their position on these matters.

### 21 Contingent liabilities and commitments (continued)

Furthermore, certain other contingent liabilities may arise during the normal course of business, which based on the information presently available, either cannot be quantified at this stage or in the opinion of the management is without any merit. However, in the opinion of the management, these contingent liabilities are not likely to result in any cash outflows for the Group in addition to any related existing provisions currently in the books.

### 22 Segment reporting

The internal management reports which are prepared under IFRS are reviewed by the Board of Directors based on the different sectors in which the Group operates. The Group has identified the following different sectors as its basis of segmentation:

<i>Manufacturing</i>	Includes manufacture and sale of oil, lubricants, grease, prefabricated houses, concrete, carpentry, restaurant, ovens, kitchens and central air conditioning systems.
<i>Investments</i>	Includes investments in real estate properties and equity securities.
<i>Services and others</i>	Service and other operations include writing of insurance and various other services including hospitality.

Information regarding the operations of each separate segment is included below. Performance is measured based on segment profit as management believes that profit is the most relevant factor in evaluating the results of certain segments relative to other entities that operate within these industries. There are regular transactions between the segments and any such transaction is priced on mutually agreed terms.
